O R D E R

On March 25, 1985, Boston Water District ("Boston") filed its application and Motion to reopen Case No. 9022, wherein it had sought Commission approval for certain construction of new plant facilities, proposed plan of financing and proposed rates.

The Commission entered an Order on January 30, 1985, to dismiss the case without prejudice because Boston had not submitted, and could not submit, sufficient documentation to support its case within the statutory 10-month time frame allowed the Commission to decide rate cases. The Commission did allow Boston to refile when it had completed its advertising and project bid tabulations. Evidence in the record indicated this was the only outstanding documentation necessary in order to submit the case to the Commission for final determination.

The Commission FINDS that Boston has now completed its advertising and bid tabulations and that its Motion should be allowed except that instead of reopening Case No. 9022, a new case should be established and the entire record of Case No. 9022 should be incorporated therein by reference.

IT IS THEREFORE ORDERED that Boston's Motion filed on March 25, 1985, be and it hereby is accepted for filing and that this case is established to consider the merits of the proposal.

IT IS FURTHER ORDERED that a hearing be and it hereby is scheduled for the 7th day of May, 1985, at 1:30 p.m., Eastern Daylight Time, in Hearing Room No. 2, of the Commission's Annex Building, 677 Commanche Trail, Frankfort, Kentucky.

IT IS FURTHER ORDERED that Boston shall give notice of the hearing in accordance with the provisions of 807 KAR 5:011, Section 8(5).

IT IS FURTHER ORDERED that the entire record in Case No. 9022 be and it hereby is incorporated herein by reference.

Done at Frankfort, Kentucky, this 16th day of April, 1985.
